Former U.S. Attorney General To Address Annual GOLD KEY Dinner; Ladies Invited

**Dr. Nicholas de B. Katzenbach,
Director, V.P., and General
Counsel of International
Business Machines Corp.
To Be Guest Of Honor**

The Annual GOLD KEY Dinner, with GOLD KEY ladies present as honored guests, will be a gay black tie affair in the Sheraton Hotel Penthouse Dining Room, Wednesday, December 8.

A gourmet dinner, the Sheraton's best, will be served following a 6:30 P.M. cocktail hour.

The speaker will be the honorable Nicholas deBelleville Katzenbach, Vice-President and General Counsel of the International Business Machines Corporation. Dr. Katzenbach has served as U.S. Attorney General and U.S. Under Secretary of State. He was also an associate professor at the Yale Law School.

He graduated from Phillips Exeter Academy and enrolled at Princeton. He left to join the Army Air Force in World War II.

SHOT DOWN

The plane in which he was navigator was shot down over the Mediterranean and he spent 27 months in prisoner of war camps during which time he twice escaped and was twice recaptured.

He completed his studies at Princeton after the war and then received his law degree from Yale. He won a Rhodes Scholarship to Oxford University and studied there from 1947 to 1949.

EDITED YALE JOURNAL

He is a member of the American Law Institute, The American Bar Association and the American Judicature

HORVITZ FAVORS NEW STATE PARK

William Horvitz, president of Hollywood Inc., is quoted as approving the development of a state park on 250 acres south of Port Everglades Inlet owned by Hollywood, Inc.

Ney Landrum, State Director of Parks and Recreation, said that the development of this park in Broward County has as high a priority as any project in Florida.

NEWSY DOTS

Gene A. Whiddon, GOLD KEY member, who heads the greater Fort Lauderdale Chamber of Commerce, is an active participant in the vast downtown program resurrecting the center of old Fort Lauderdale.

The GOLD KEY organization has attracted attention of several other important civic groups of Fort Lauderdale and has assisted them in setting-up their organizations.

John E. Morris, Jr., GOLD KEY President, and his Lorraine are on a California vacation which he has planned around the Bankers Association which is meeting in San Francisco.

Congratulations to the James Donns on winning the central racing dates for 1972!!

Gene A. Whiddon, of Causeway Lumber Company, has a new marketing activities expert in Keith A. Hendee, former director of operations of Wometco Enterprises in Broward and Palm Beach Counties.

WELCOME — NEW MEMBER

Lester E. Moody of Moody Pontiac, Inc. thanks to the efforts of George W. English.

"HAM" FORMAN RETURNS TO HOSPITAL BOARD

Hamilton C. "Ham" Forman has assumed his seat on the North Broward Hospital District Board. He was reappointed in August and went back on the Board in September.

NOVA OCEANOGRAPHIC DEPT. ACTIVE IN ATLANTIC

Oceanography of Nova University is joining other larger United States institutes in a study of dynamics of the central Atlantic Ocean, the Mid-Ocean Dynamics Experiment. Nova is the only University in the southeast that was invited to participate in the major project.

The University's principal contribution to the effort is taking measurements of the ocean's water transport from an aircraft; a technical effort by Dr. William Richardson, Director of the Oceanographic Center and the Gulfstream Professor of Oceanography.

PROTECT YOURSELF FROM THREAT OF THIEVES

TO STOP A THIEF: Paste a sticker on your front window or door saying: "All items of value on these premises have been marked for ready identification by the police."

That's what 3,000 householders in Monterey Park, Calif., have done. They have also engraved their driver's license number on all valuables, using a cheap electric etcher.

In the last year, only three of the households have been burglarized.

BLUE AND GOLD BROCHURES TELL STORY IN NEW MEMBER PROGRAM

Handsome new blue and gold GOLD KEY brochures, just off the press, have been mailed to present GOLD KEY members as the beginning of a movement to enlarge the size and strength of the GOLD KEY organization.

They were sent out under the signature of President John Morris, Jr.

President Morris has named the nominating committee for new Directors to serve in 1972. The Committee is to report at the October meeting of the Board of Directors.

Things are moving forward GOLD KEY-wise.

NOVA MORE CENTRAL AS HIGHWAY PLAN DEVELOPS

The Area Planning Board is developing a mass transit study on a tri-county basis, according to Mr. Harry J. Vordermeir, Jr., Chairman. Counties to be served include Dade, Broward and Palm Beach.

Nova University, located on one of the principal North-South highways, University Drive, will become far more accessible when the extensive new trafficways and transit system are completed.

Multi-laning of Highway 84 is already being enjoyed by the heavy traffic in the route to and from the Nova complex.

BERNARD CASTRO TO BE HONORED IN NEW YORK

Bernard Castro, founder and president of the Castro Convertibles Corporation, is the 1971 recipient of a Leadership Award in Business.

The award is presented by the Grand Council of the Columbia Association in Civil Service, Inc. Castro will be honored at the Waldorf-Astoria Hotel in New York City October 30.

Dr. Katzenbach (Continued)

Society. He has been the recipient of honorary degrees from Princeton, Rutgers, Georgetown, Northeastern, Seton Hall, Bridgeport, Brandeis and Tufts Universities. He is an alumni trustee of Princeton.

He is an Episcopalian, and is the author of The Political Foundations of International Law as well as many other articles. He served as editor-in-chief of the Yale Law Journal.

President John E. Morris and his directors are planning a program of interest to both men and women. Special entertainment is also being planned.

HANDSOME PLAQUES

GOLD KEY members will receive handsome bronze plaques, attesting to their service to Nova University.

Special guests will include Dr. Abraham S. Fischler, Nova University President, and Mrs. Fischler; Dr. Alexander Schure, Chancellor of Nova University and President of New York Institute of Technology, and Mrs. Schure; and Dr. Edward C. Katzenbach, Jr. of the Nova University faculty, and Mrs. Katzenbach.

A "FIRST" FOR LADIES

This marks the first time that the ladies have been invited to attend the Annual GOLD KEY Dinner. President Morris says the unusual, but often requested, arrangements are being made because circumstances prohibited the Annual 1971 Spring Dinner, and because of the special, unique treats in store for those attending the December Eighth affair.

GOLD KEY MEMBERS TRAVEL

"We were glad to hear that the Francis McCahills and the Jim Farquhars finally took off as a happy quartet for a well-deserved European junket . . . flying Miami to London, then on to Spain for a leisurely time in the beautiful country . . . then the return trip home, right into Port Everglades . . .

Friends were planning to surprise them with a welcome-home flotilla . . .

Between their Nova University and Museum work, who can tell how much this community owes this quartet?"
From the Gold Coast Pictorial

DIRECTORS MEET

Directors of GOLD KEY are meeting at the Lauderdale Yacht Club at noon Thursday, November 4.

President Morris will discuss plans for the Annual Dinner, and the new member invitations and brochure.

INDUSTRY - EDUCATION PARTNERS

JERRY L. VAUGHAN ASSISTS NYIT PROGRAM ON NOVA U. CAMPUS

Jerry L. Vaughan, Assistant to Vice-President, Dr. Edward L. Katzenbach of the New York Institute of Technology, at the Nova University campus.

Jerry's duties involve marketing and administrative matters relating to the Independent Study Program for New York Institute of Technology on Nova Campus.

Jerry has had articles published in the National Association of Language Laboratory Directors (NALLD Journal); Industrial Arts and Vocational Education on the subject of "What Instructional Systems Can Do For Education." Prior to 1971, he was General Sales Manager at Scott Engineering Sciences, Division of A-T-O, Inc. of Pompano Beach. Earle Scott is a valued member of GOLD KEY.

SCOTT ENGINEERING

At Scott Engineering Science he was an international marketer and manufacturer of educational technology and system installations, and directed and influenced portions of a \$330,000 annual selling budget.

Prior to joining Scott Engineering Science, he headed Vaughan and Associates, Inc., of Houston, Texas, as an independent representative for educational technology manufacturers.

He was involved with the introduction of educational technology to schools in South Texas and

New Relationship Developing As NYIT - Nova Join Hands To Expand Educational Possibilities in South Florida

A new relationship between industry and higher education in Broward County is resulting from the federation of Nova University and the New York Institute of Technology. Courses leading to the Bachelor of Science degree are offered with option in mechanics, industry and electrical engineering, and in banking and finances, as well as business administration and behavioral sciences.

Another degree program is offered with option in computer technology, electrical, management and mechanical technology.

Master's degrees in business administration are available through independent study for the first time at Nova University.

Independent study is a student-controlled pattern of learning undertaken away from the campus and accomplished through the use of instructional media, study guides and periodical seminars on the campus.

Louisiana. As a principal in ATCO, Inc., he was involved in the definition, preparation and delivery of specialized training programs for Petrochemical Plant Technicians and Operators in the Gulf Coast, Caribbean and Latin American Areas.

MONSANTO

Earlier he was with Monsanto Company, Houston; General Dynamics, Fort Worth; and Pan Geo Atlas Corporation, Houston, Texas.

Jerry's education includes: Capitol Radio Engineering Institute, University of Colorado, LaSalle Extension University, University of Wisconsin, and Nova University.

Jerry is married; has three children; and an Honorable Discharge from the U.S. Coast Guard Reserves.

His office in the Mailman-Hollywood Center at Nova is one of the busier places on the campus.
